# ECA Fellowship Alumni Community of Practice (CoP)

USER MANUAL

## **1 OVERVIEW**

The **ECA Fellowship Alumni Platform** is a peer-driven digital space designed to foster knowledge exchange, professional networking, and collaboration among alumni of the Economic Commission for Africa (ECA) Fellowship Programme. This platform serves as a hub for former fellows early and mid-career professionals in academia, the public sector, and international development institutions to stay connected, share experiences, and contribute to transformative development initiatives across the continent.

As part of ECA's commitment to building a pool of highly skilled African professionals, the Fellowship Programme offers practical, on-the-job experience in a multicultural UN environment, aimed at developing technical competencies, research skills, and leadership through mentorship and training. The Alumni Platform continues this journey by providing a space for ongoing engagement, collaboration, and professional growth.

This manual offers step-by-step guidance on how to actively participate on the platform whether by initiating or contributing to discussions, collaborating on projects, or sharing and accessing knowledge resources. It is designed to help you make the most of the platform's features and tools to stay informed, connected, and engaged with fellow alumni and ongoing development efforts across the continent.

We invite you to explore this manual, get familiar with the platform's functions, and participate in the dynamic community of ECA Fellowship alumni to maximize the benefits of this collaborative knowledge network.

#### 1.1 PURPOSE

This manual offers comprehensive, step-by-step guidance on effectively using the **ECA Fellowship Alumni Platform**. It is designed to help alumni navigate the platform, engage in meaningful discussions, manage their profiles, collaborate with peers, and share or access valuable knowledge and resources related to professional development and transformative initiatives across Africa.

#### **2** GETTING STARTED

To get access to the application, enter the website link (---) in your browser, click and get directed to the Welcome page.

#### Figure 2-1 Welcome Screen

Landing onto the Welcome screen, refer Fig. 2-1, you have options to view the About SADC, Communities, Browse, Participate, Strategic Plan and Vison 2050.

Choosing the links will navigate you to the respective pages.

# 3 LOGIN

To login into the application, click the LOGIN option as highlighted in Fig. 2-1.

We'd like some additional information in order to update your account				
Please enter your email address below. This forum uses your email address for scheduled digest and notifications, as well as for account recovery in the event of a lost password. This field is optional. You are not obligated to provide your email address, but without a validated email you will not be able to recover your account or login with your email. Email				
A confirmation email will be sent to the entered email address with a unique link. Accessing that link will confirm your ownership of the email address and it will become active on your account. At any time, you are able to update your email on file from within your account page. Password				
Please enter your password in order to verify account ownership.				
This community forum collects and processes your personal information.				
We use this information strictly to personalise your experience in this community, as well as to associate the posts you make to your user account. During the registration step you were asked to provide a username and email address, you can also optionally provide additional information to complete your user profile on this website.				
We retain this information for the life of your user account, and you are able to withdraw consent at any time by deleting your account. At any time you may request a copy of your contribution to this website, via your Rights & Consent page.				
If you have any questions or concerns, we encourage you to reach out to this forum's administrative team.				
I consent to the collection and processing of my personal information on this website.				
Occasionally, we may send emails to your registered email address in order to provide updates and/or to notify you of new activity that is pertinent to you. You can customise the frequency of the community digest (including disabling it outright), as well as select which types of notifications to receive via email, via your user settings page. Unless explicitly changed in your user settings, this community does not send out email digests				
I consent to receive digest and notification emails from this website.

**Figure 4-4 Post tools** 

As you can see on Fig 4-4, there are red box which shows the tools that we are using for usability

- **Mark unread:** feature allows users to mark previously read messages or notifications as unread.
- **Watching:** Enables you to follow a discussion or topic and receive notifications when new posts or updates occur.
- **Oldest to Newest:** Sorts posts or messages in a thread by displaying the oldest content first, making it easier to follow the chronological order of the conversation.
- Topic Tools
  - **Lock Topic:** Prevents further posts or replies in a topic, locking it for viewing only.
  - **Pin Topic:** Keeps a topic at the top of the list for visibility, regardless of new content in other topics.

- **Move Topic:** Transfers the entire topic to another category or section.
- **Merge Topic:** Combines two or more topics into a single thread.
- **Fork Topic:** Splits a topic into two separate discussions for better organization.
- **Tag Topic:** Adds labels or tags to categorize the topic for easier searching and filtering.
- **Move Post:** Moves individual posts to another topic or section.
- **Mark Unread for all:** Marks the topic as unread for all participants, making it easier to revisit later.
- **Delete Topic:** Permanently removes a topic and all its associated posts.
- **Delete Post:** Permanently removes an individual post from a topic.

#### 4.2 VOTES, POSTS AND VIEW

#### Figure 4-5 votes, posts and views

#### 4.3 DASHBOARD POSTS ELEMENTS

As you can see on Fig 4-6, there are red box which shows the dashboard tools that we are using for hot tips.

- **Hot Discussions:** feature allows users view a recently created hot posts with the details of post category, post date/time and post users. For read details feature we can click on the title.
- **Latest Discussions:** Displays the most recent topics or conversations on the platform, allowing users to stay updated with the newest posts and ongoing

discussions. It provides quick access to the latest activity within the community.

- **Recently Shared Files**: Displays the most recently uploaded or shared documents and files within the platform, making it easy for users to access the latest resources and materials contributed by the community.
- **Recent Blogs:** Lists the latest blog posts published on the platform, offering users quick access to newly shared insights, articles, and updates from community members or subject matter experts.
- **Most Active Users:** Highlights the users who have been most engaged on the platform, based on their contributions such as posts, comments, or shared resources. This feature recognizes top participants and encourages community interaction.
